and cell phones during exams. Curious if other departments have other policies. Discussion ensues regarding cell phone use. Kitimat village almost done the BADM certificate. Slyvie has been teaching one course at a time the last couple of years. We now have a course by course transfer to third year CPA designation. BADM is putting together a program advisory committee but not every program has it so BADM will have one. BADM will be undertaking a BADM writing standards project or analysis. Taking a look at admission requirements for first year writing standards, what students need going into third year.
