On behalf of the Articulation Committee. I recommend approval of the Access to Practical Nursing program, with the following prerequisites effective January 2010.

The underlying assumption of this program is that learners enter the program with an education background equivalent to current provincial "standards."

Principles of Mathematics 10 with a grade of C or better (or NWCC Intermediate Mathematics 0301/0302 or equivalent).

Acceptable RCA or HSA/RCA Certificate (certificates issued prior to 1993 also require a Caring for Persons with Dementia course)

Minimum 600 hours as Resident Care Attendant in a facility working with a group of patients at the same time (confirmed by employer's letter) within the past two years or RCAC 100 within the past year or RCAC 100 co-requisite with Dean's approval.

All eligible candidates must successfully undertake a VCC English assessment and VCC PN math assessment to be administered by the college

CPR level C certification, OFA level one or Standard First Aid, criminal record check

REQUIRED FOR CLINICAL PLACEMENTS: Up to date TB and Hep B immunizations and depending on the time of year flu vaccine
