

Academic Plan

WINTER 2021

ENTRANCE AWARDS

28 awards for \$1000 each!

Register and apply before February 15, 2021.

Made possible thanks to generous donations from local organizations, community members, CMTN staff and alumni, and the fundraising efforts of the CMTN Foundation.

Requirements:

- Accepted for admission into a post-secondary level program at CMTN that begins in January or February of 2021.
- Be a new student to CMTN and a resident of Canada.
- Register in your program courses full-time (min 60%) at least three weeks prior to the program start date.
- Submit a **General Awards Application** by February 15

At Coast Mountain College we offer our Winter 2021 courses and programs via distributed learning*.

Our experienced faculty will use tools such as web-conferencing, videos, social media, textbooks, print modules, e-mail, local contexts and experiential tasks to deliver your college experience. CMTN students can continue on their academic journey, even in the time of COVID-19.

Programs that have a required practicum, workshop or lab will be a blended delivery. This means that theory is taught online and practical components take place in one of our campus training labs or workshops and is regulated to meet health protocols.**

Find out more about distributed learning by visiting coastmountaincollege.ca/distributed-learning

Register today.

Make sure to visit our webpage to review our application and registration procedures. Contact Admissions through email at info@coastmountaincollege.ca or call 1.877.277.2288

Student support available.

Contact our team for support at all stages of the educational journey at Coast Mountain College. Connect with academic funding, culture, events, counselling, student workshops and community resources. For contacts and more information click here.

Coast Mountain College would like to acknowledge the resiliency and dedication of our students in these evolving times. Students are at the heart of our academic plan and we are proud to continue offering dynamic, accessible learning opportunities to support student success.

* Coast Mountain College may alter this plan depending on the shifting changes stemming from the ongoing pandemic. Programs which contain practical components, may see delivery altered or deferred subject to orders coming from BC's Public Health Officer.

** Coast Mountain College consults with the Ministry of Advanced Education, the Ministry of Health and closely follows the advice of our Public Health Officer regarding our response to the COVID-19 pandemic.
