

## Application for Graduation through MyCMTN

The application for graduation will trigger a review of the student's academic transcript to assess whether or not they have met the program requirements for graduation. At the same time, it indicates their intentions of attending convocation. Students will not be able to adjust their application once submitted, and will need to phone the Registrar's Office, where we will be happy to make any adjustments.

Commencement refers to convocation, the ceremony of crossing the stage.
