Job Title: **Thermal Plant Maintenance Technician (Millwright)**
Job Location: **Fort Nelson, British Columbia, Canada**
Hourly Rate: **\$ 53.18**

Powered by water... and by people like you

Providing clean electricity to 4 million customers takes a diverse workforce and that's where you come in. We need your talent to help us build major projects to meet growing demand. To help our customers find clean energy solutions for their homes and businesses and to be ready to respond during storms and outages to keep our system reliable.

Working for BC Hydro is meaningful. And now, the stakes have been raised as we work towards a solution to climate change while safely providing clean, affordable electricity to our customers.

We offer a healthy work life balance, training opportunities and career progression. We're proud to be ranked as one of B.C.'s Top Employers and one of Canada's Best Diversity Employers. Join us as we build an even cleaner B.C.

JOB DESCRIPTION

Duties:

- * As per IBEW Collective Agreement.
- * The Thermal Plant Maintenance Technician is a qualified Mechanic who will take responsibility, under the direction of the Manager for the maintenance and/or operation of the Fort Nelson Generating Station (FNG).
- * Duties will include installation, maintenance, overhaul, calibration, operation, and repair of the following systems and processes: mechanical systems, turbine calibration and all other related and relevant duties.

Qualifications:

- * As per IBEW Collective Agreement
- * Trades Qualifications as a Mechanic (red seal Millwright or Machinist)
- * Strong commitment to safety: demonstrated WorkSafe BC requirements and safe work practices
- * Demonstrated commitment to adhering to environmental legislation and environmental work practices
- * Ability to meet production schedules and deadlines.

ADDITIONAL INFORMATION

What we offer

- A comprehensive benefits package
- A minimum of 15 paid vacation days
- A lifetime pension
- Flexible work model, depending on your role type
- Training and development courses

We're always looking for exceptional people to bring new ideas, fresh thinking and the motivation to help shape the electricity system in B.C. It's an exciting time to be a part of our team as we invest in our system and prepare to meet the challenges of tomorrow.

Our values guide our work. Want to join us?

We are safe.

We are here for our customers.

We are one team.

We include everyone.

We act with integrity and respect.

We are forward thinking.

BC Hydro is an equal opportunity employer.

We include everyone. We welcome applications from anyone, including members of visible minorities, women, Indigenous peoples, persons with disabilities, persons of minority sexual orientations and gender identities, and others with the skills and knowledge to productively engage with diverse communities.

We are also happy to provide reasonable accommodations throughout the selection process and while working at BC Hydro. If you require support applying online because you are a person with a disability, please contact us at Recruitmenthelp@BCHydro.com

Flexible work model role definitions

Our four role types identify the degree of flexibility an employee could have to work from home based on the type of work they do. The flexibility for an individual job is up to the manager for each position and the operational requirements. Employees also have the right to work full-time from the office if they prefer. All of our roles require at least some in-person time.

IBEW/Field – No option to work from home

Resident – Works primarily (4+ days per week) in the office.

Hybrid – May be able to work from home up to 3 days per week.

Remote – Works from home 4+ days per week
